YEOMEN'S GREAT CELEBRATION A GRAND SUCCESS

The first annual Yeomen Picnic on Tuesday, July 1st will go down as one of the most successful celebrations ever held in this part of the country. The people began to arrive early in the morning, in fact a number arrived the evening before. Pleasure seekers living many miles away paid their first visit to Mirror that day, and before the morning was half gone it was realized that a record crowd would be in attendance. There was a slight down-pour of rain at noon, but the clouds soon passed away and there was an entire absence of rain for the balance of the day. When it is considered that this was the first celebration in Mirror the management are to be congratulated on the excellent manner in which the programme was carried out. On looking back over the day's arrangements one can see where a number of improvements might have been made, which will probably be rectified in the ensuing celebrations. However a great deal of credit is due to the committee who spared not themselves to make the day an enjoyable one for everybody.

The sports were held on the grounds overlooking Buffalo Lake, where a football and baseball field had been partially fixed up. The Mirror Brass Band enlivened the proceedings

with their music and made a creditable showing after their week's practice, and it is to be hoped that they will continue in their good work.

Mirror carried off the honors in the baseball and football, the latter winning their third consecutive victory this season. A number of the other events were won by Mirror residents, a list of the winners appearing further down.

The football match between Rockling Bay and Bashaw took place at about noon and an evenly contested game ended in a 1-1 score. Rockling Bay at once took the aggressive and the Bashaw backs had their hands full for a while, but Bashaw soon got into their swing and for the greater part of the game Bashaw was in the lead. Both teams lacked combination work and the game for the most part was slow. Rockling Bay however by a rush at the Bashaw goal notched the first point. The second half opened with some midfield work and it was apparent that the terrible heat had a lazy effect on all the players. Rockling Bay however seemed to have a little better of the game and lived up things by one or two rushes, but Jarvis always seemed to get in the way. Bashaw towards the end seemed to waken up some and just before

the whistle blew notched a point and evened the score. The game was not very interesting from a spectator's point of view but both teams showed that rivalry existed.

The teams:
Rockling Bay Bashaw
A. Williams goal Mundy
B. Salmon backs Holt
B. Trayer A. Jarvis
Paquet half backs B. Jarvis
P. Walls Ower
A. Salmon Martin
Manroe forwards N. Jarvis
Pearson E. Jarvis
Williams Shaw
J. Trayer D. Jarvis
Piper Miller
H. C. McConach, referee

The game of baseball between Mirror and Donalds was the bit of the day. Donalds had won a previous encounter in Bashaw on May 24th and Mirror went into the game on Tuesday to either win or die in the attempt, and the result clearly shows the brand of ball they played. Donalds went to bat first, but failed to connect with first, going out in one, two, three order; Mirror went to bat and Pickering, for Donalds, was batted all over the lot. He was given poor support and before the smoke had cleared away and the side retired Mirror had scored four runs, and had practically placed the game on ice. In the second Donalds was again shut-out, while Mirror scored one run in their half. For the next four innings both teams were un-

SCHOOL TENDER LET

A special meeting of the Mirror School Board was held on Monday evening last for the purpose of opening tenders for the new school house. Four tenders were submitted to the Board, as follows:—Horton & Willis, Red Deer, \$17,487; Lums & Co., Calgary, \$18,585; Jno. Berry, of Viking, \$13,193. The latter gentleman was awarded the contract, and will proceed with the work just as soon as the contract is signed. The above price does not include the heating apparatus, which will cost in the neighborhood of \$1,000.

The successful tenderer, Mr. Berry, is highly spoken of as a builder, having constructed a number of buildings in towns on the main line of the G. T. P. near Wainwright, and also in that place.

The weather man is a true westerner this year and is sending moisture in season and good sunshine in season. Unless the signs of generations go wrong, this will be the very best year that Alberta has ever known. There has been nothing like it.

The Mirror Hardware Co. have commenced a big key contest. Particulars may be read in their ad. on page 1.

A number from here are planning to take in the Calgary Industrial Exhibition which starts on June 30 and closes July 5.

MIRROR, ALTA., JULY 4, 1913

47th YEAR

The provinces of Canada were
confederated on July 1, 1867.
The total trade of Canada in
1867 was \$131,027,532. The total
trade, fiscal year 1912-13, \$1-
850,175,572. Canada has one-
third of the area of the British
Empire. Canada is larger in
area than the United States, in-
cluding Alaska, by 111,902 square
miles (Canada 3,720,065; United
States and Alaska 3,617,073).
Canada's area in acres is 2,386,
905,305. Canada is as large as
30 United Kingdoms and 18
Germans; twice the size of
British India; almost as large
as Europe; 18 times the size of
France; 33 times as large as
Italy.

HIGHER PRICE FOR TWINE

That binder twine will be
scarce and high in price this
season is the information being
received by local dealers
throughout the west. They
have been advised by the cordage
companies to that effect. Prices
will rule from 12 1/2 cents to 15
cents per pound this season,
which is a considerable advance
over the ruling prices of 1912.

A partial failure of the cereal
crop in the Philippine Islands
is the cause of the advance
with its corresponding shortage.
Forehand farmers who can
figure out their twine require-
ments fairly closely should place
their orders right now.

It will probably save a tie-up
in the fall.

A SANE FOURTH OF JULY

Very close to 5,000 were
killed and wounded on the
Fourth of July in each of the
seven years preceding the year
1910. Beginning with 4,440 in
1903 and ending with 5,307 in
1909, and of these 1,531 were
killed. All were "accidents" re-
sulting from "celebrating."

Since then the figures are in
1910, 2,923; 1911, 1,603, 1912, 670.
Why this remarkable de-
crease? Simply, that people are
getting sane. Nearly all large
cities now prohibit fireworks,
except under proper supervision
by the authorities, and have in-

stead at public expense replaced
the death dealing firebrands
and explosives with sensible
but interesting programs for
the children and for the grown
folks.

There is a national organiza-
tion that has headed the move-
ment for a "Sane Fourth" that
has done very much to bring
this better state of affairs
about.

SIX LIVES LOST IN RIVER AT EDMONTON

Edmonton, Alta., June 26.—
Before hundreds of spectators
who were enjoying themselves
on the banks of the North Sas-
katchewan this evening at 8:30
o'clock, six well known Edmon-
ton people were drowned close
to the low level bridge by the
averting of a gasoline launch.
Aunt fruitless cries for aid six
of the occupants of the boat
sank in the fast running river.
They are: R. C. Hooper, man-
ager of the Marshall Wells Co.;
Mrs. Hooper; Mrs. Everett
Case, wife of the manager of
the manager of the west end
branch of the Imperial Bank;
Earl Meredith, superintendent
of Marshall Wells Co.; Mrs.
Meredith; Robert Patton,
mechanician, operating the
boat.

On the trip down river while
the party was gay with laugh-
ter, there was a sudden jar to
the boat, due to it striking a
 snag. The engine stopped and
from the jar the boat overturn-
ed precipitating its occupants
into the water. Mr. Case clung
to the boat and was eventually
rescued.

A large crowd that was just
leaving the ball grounds saw
the launch overturn and rush-
ed along the bank of the river.
There was a rush for boats, but
already the victims of the
treacherous river had sunk
from sight. At once boats were
put out from the river and they
are now dragging to recover
the bodies.

Mrs. Case, one of the drown-
ed, had only returned with her
husband from their honey-
moon on June 16. They were
married May 27 in Spokane.
Meredith and his wife are also
a newly married couple. Case,
the only one saved in the acci-
dent, is prostrated as a result
and is now under a physician's
care.

In reply to a deputation from
the wholesale grocery firms,
asking for alterations to the
exemption law of Alberta, in
order to make it possible for
creditors to seize stock or fine
for debts and also in regard to
the punishment of debtors by
the imprisonment, the Hon. C. W.
Cross stated that the Alberta
government were strongly in
favor of wide exemptions,
which they thought were nec-
essary in a new country. The
farmer should not be deprived
of the means of making his liv-
elihood because he fell behind in
making his payments. He also
stated that he had been insis-
tent in introducing the
statute abolishing imprison-
ment for debt and the govern-
ment had no intention of re-
placing it on the statutes.

PEACE RIVER OR NORTHERN ALBERTA HOMESTEAD MAP

A publication which should prove of considerable interest to the prospective settler has recently been prepared in, and is now being issued from the Railway Lands Branch of the Department of the Interior at Ottawa. This interesting publication which is known as the Peace River or Northern Alberta Homestead Map graphically illustrated by a comparatively simple system of coloring the land situated in that country, including, as it does, complete information with respect to the disposal of lands, location of timber berths and forest reserves, nature of the soil, etc. An interesting feature of the map is the fact it enables an observer to procure at a glance a complete grasp of the present land situation, not only with regard to these lands which have been taken up during the past year, but also with respect to lands previously homesteaded but for which patents have not yet been issued, thus also enabling a person to trace the progress during comparatively recent years, of settlement in the Peace River District. The aim in the preparation of the map has been to show the land situation up to the beginning of the present year and in view of the rapid exhaustion of free homesteads throughout the older prairie provinces the information should prove of particular interest to prospective settlers.

In addition to the information with respect to lands which have been homesteaded and otherwise disposed of, the publication contains complete information regarding Railways, Topography, etc.

Copies may be obtained free of charge upon application to F. C. C. Lynch, Superintendent of Railway Lands, Department of the Interior, Ottawa.

LOCATES LEAKS IN PIPES

The Detectophone Will Save Money for People of Montreal

It is anticipated that many more hours of unnecessary labor and much money will be saved by the adoption by the Montreal water department of the "detectophone," an electrical instrument by means of which it is possible to locate leaks in water pipes without excavating.

The machine, like a large syringe in appearance, is fixed at one end with a thin steel rod. This is driven into the ground near where the earth is damp from the seeping water while the operator places over his ear a receiver identical with those used on telephone head sets.

As soon as the apparatus has been adjusted the operator presses a button, which has the result of electrifying the earth round the steel rod in the ground, while the hiss of the escaping water may be distinctly heard.

By following up the damp earth and properly using the "detectophone," it is claimed that the position of a leak can be located to inches.

MAORIS BECOMING WEALTHY

Former Canadian Teller of New Zealand Aborigines

An exceedingly interesting talk on New Zealand was given in Toronto by Mr. George McCall, a well-known public citizen of that country.

Mr. McCall was born in this country, but emigrated to New Zealand, when very young. He said that many of the Maoris were educated and highly cultured. Some were even wealthy, and their estates were larger than those of the white intruders.

From Marsh to Farm
The land in Kent County Ont. near the lighthouse on Lake St. Clair, which has been considered nothing but a worthless marsh, was purchased by a Toledo syndicate that will conduct farming operations on a modern and large scale. The land is being reclaimed for agricultural purposes and it is expected to turn out to be the most productive in the district.

Boat for Boats

A wire frame, partly covered with canvas, the invention of a New Brunswick man, forms a back rest for a boat seat which can be snapped into place in an instant.

On and after June 20th, 1913, we have decided to conduct our business on a **STRICTLY CASH BASIS**. We hope our Customers will co-operate with us, and thus do away with the Credit System, which is one of the greatest drawbacks in business today.

In a business, such as we are conducting, where we pay Spot Cash for our goods and where the goods are perishable, it is imperative that we sell for Cash. In doing this we can guarantee **Better Service**, and can give our Customers the **Best Quality of Meats at a Lower Price**. You are reaping the benefit. It means money saved to you and creates a better business relation all round.

Reply to Protest

To Editor of THE MIRROR JOURNAL: Dear Sir, We the undersigned have noted the article in your issue of June 27th and wish through the medium of your paper to inform the Citizens of Mirror, as well as the Mirror Library Club that we do not wish to be included in the list of "Business men and Storekeepers of this town," who will endorse said article headed "A Protest."

Signed anonymously: A. F. Barnett, J. H. Sorum, R. E. Estell, and Wm. Beaudry, Parkhurst & Holland, J. F. Flowerfield, The Imperial Lumber Co., Ltd., W. H. Rand, McCormick, Lumsby Co., H. Kelsel, W. G. Mackley, A. R. Hopkins, A. W. Mackintosh, Earl Estell, N. H. G. Rutherford.

We quite agree with the sentiment that all people in Mirror should trade at home and in collectively and individually claim that we do as much as possible, but we believe that Citizens, who so-called of his own name, wrote more through a notion of spite than through concern for the welfare of the business men. Signed

THE MIRROR LIBRARY CLUB, Mirror, June 28th, 1913.

South Buffalo Lake

Mrs. Peterson and brother, T. Gullikson, of the Erskine district, visited Lakeside ranch the home of J. H. Sorum on the 22nd inst. Mrs. Swanson, of Athabasca Landing was also a visitor to see her old acquaintances.

R. Johnstone of the Bank of Commerce, Mirror was also at Lakeside ranch on the 22nd. To look over a good estate sometimes does even a "Mirror" man no harm.

The many friends here of T. W. Thompson, of the Erskine district, are sincerely sorry to hear of the serious illness of Mrs. Thompson, and hope to soon hear of a turn for the better.

M. R. Pugh, M. O. Sorum and R. E. Fell sold their fat hogs to R. Mackie, of Alis, and delivered them on the 22nd inst.

As usual the S. B. Lake hogs were the finest delivered in Alis. M. O. Sorum's bunch at 7 months averaging 255 lbs. apiece, and Mr. Fell's at the same age averaged 245 lbs. These hogs are all a cross of the Poland China and Duroc Jersey Breeds. Mr. Sorum's Duroc came out ahead of the others that were all the second cross. Moral, keep right on with the Duroc's. Yes Mr. Mackie you are right, S. B. Lake district raises fine hogs.

Your correspondent understands that J. H. Sorum has the Registered Duroc's, and the Citizens of Mirror, as well as the Mirror Library Club that we do not wish to be included in the list of "Business men and Storekeepers of this town," who will endorse said article headed "A Protest."

A. F. Barnett is having a shed 16 x 18 put into local builder R. E. Estell under local builder and contractor is doing the work thereon. Y. H. Sorum has been doing considerable remodeling on his house, under the charge of Mr. Estell also. We understand that M. O. Sorum will start next week on the erection of a new house.

The old house (which is practically a new one) is to be torn down, and re-built on the same site. The new house is to be up-to-date in every respect. We understand C. W. Peniston has the contract for this work. So many improvements annually all over the district of the best to be got, surely show prosperity here.—NEMO.

ANOTHER PROTEST

To Editor of THE MIRROR JOURNAL:

Dear Sir,—Would you be good enough to publish a few words of comment regarding a letter published in your issue of June 27th under the heading "A Protest." The contribution state of the second word in the appellation. A "man" would have signed such a letter.

It was not only unmanly and unchivalrous but cowardly not to mention a lady's name as he does in an anonymous communication. Why did he not have the manliness to sign the article, particularly when the lady in question was only the receiver of the presentation? It seems to me that it was time that some of the would be scribes writing to your paper anonymously had the courage to sign their names to the communications they so frequently indict upon your readers.

The Library Club is managed altogether by the ladies, gratis, for the good of the town in general and at great trouble and expense to themselves. Surely, Mr. Citizen, there are a number of real abuses in this Village with your own sex in charge and responsible therefore; why not come out in the open and tackle them? But no. You are weaker sex for you. I always understood that it was only cash and cowards that went out of their way to attack the weaker sex in an anonymous manner. Oh fie fiddle. I wonder if you play with dolls in your moments.

I ask you Mr. Citizen publicly now to come forward, if you have any backbone at all, and sign your own name, and to this letter of mine, written under my own name, admitting your authorship of the letter re "A Protest" and signing same with your own name,—are you afraid?

Come! Mr. Citizen, now is your chance, disclose your identity and incidentally establish yourself to the ladies. Be a "sport," but above all—be a MAN. Yours truly, N. H. G. RUTHERFORD, Mirror, Alta., June 28th, 1913.

W. J. Good has been appointed registrar of Vital Statistics for the Mirror district.

The Star Poolroom has a couple of signs painted on the window. Harry Williams, of Wetaskiwin, was in town on the first.

able to shove a man across home plate. Donalds noticed their last tally in the seventh, while Mirror took a commanding lead, scoring three runs in their half, and again in the last of the night when another run was chalked up, making three to 4.

The rough nature of the infield was responsible for a number of errors. Mirror worked in two double plays during the game that helped matters considerably. Pitman twirled a good game and was always able to pull out when Donalds became dangerous on the bases. Taking the play all through, the score is a pretty good criterion of how the game was played.

The teams: DONALDS—Uylet, Claitor, 3rd b, Pritchard, Iverson, 1st b, Ainsley, Slinger, 2nd b, Winter, Pitman, P, Pickering, Merkle, c, f, Averill, McCormack, i. f., Rummel, Simpson, a. s., Rummel.

Score by innings: Donalds—0 0 3 0 0 0 1 0—4 Mirror—4 1 0 0 0 0 1 0—6

The Mirror football team beat a combined Alis, Bashaw and Roskling Bay team by 3 goals to 1. The Mirror team never looked like being beaten and it was a foregone conclusion that they were going to be held on to their unbeaten record. A few changes were made in the team, Good playing back in place of Hugh Simpson, who was sick. Jack McKerry at center half and Claitor at center forward.

FAREWELL SUPPER TO MISS BALFOUR

On Wednesday evening of last week there gathered at the home of Mrs. R. C. Sife, quite a number of ladies and gentlemen, members of the Mirror Library Club and their friends, to say farewell to Miss Balfour.

Miss Balfour, who has been visiting with Mr. and Mrs. J. P. Balfour for some time, has always taken a great interest in the social events in town, and has been in the Library Club to which she has acted as secretary and librarian and in which capacity she has acted with great credit to herself and benefit to the club. The supper which was splendidly arranged was served at 6.30 p.m., and while the guests were still at the table, Miss Pringle, president of the club, on behalf of the members in a well chosen address conveyed to Miss Balfour their regrets at losing her from Mirror, and presented her with a pair of ear-rings set with aqua marines as a memento of her visit. Miss Balfour in responding thanked the members for their kindness and hoped that on her return to Mirror the Library Club will have grown to become one of the permanent institutions of the town. The supper an impromptu dance was held in Mr. Balfour's hall by the kindness of Roy Hopkins and the party did not break up until early morning.
